

VELVET SHELL

— A TREASURE IN EVERY REVEAL —

BRAND BOOK

Brand Introduction

A premium house of jewellery, gifting, fragrances, home and lifestyle creations, it brings together thoughtful design and refined luxury to make every reveal feel truly special.

*Velvet Shell is where beautiful things
become meaningful discoveries.*

Brand Story

A shell keeps its treasure hidden; protected, patiently formed, and waiting for the right moment to be discovered. When it opens, it reveals more than a pearl. It reveals wonder.

Velvet Shell is born from this moment.

Velvet lends the softness of luxury. The shell brings strength and mystery. And within lies the pearl; a symbol of something rare, meaningful and beautifully unexpected.

From jewellery and celebration gifts to thoughtfully curated lifestyle pieces, every Velvet Shell creation is designed to hold a little surprise within. Because true luxury is not only in what you receive, but in how it makes you feel when it is revealed.

The most precious things rarely reveal themselves at first glance.

*At Velvet Shell,
luxury begins before
the reveal.*

Brand Philosophy

It lives in the anticipation, the thoughtful details and the quiet excitement of discovering what lies within. Every creation is designed to offer more than beauty—it should carry meaning, evoke emotion and leave behind a lasting memory.

From jewellery to gifting and lifestyle, Velvet Shell brings together refined design, exceptional quality and emotional value. Because true luxury is not simply something you see or own.

It is something you unwrap, experience and remember.

Luxury is in the reveal.
